## VILLA MARIA EXPORTA

---

Es una ronda de negocios pensada para que empresarios de toda la Argentina puedan establecer negocios de exportación con empresas y operadores internacionales provenientes de todo el mundo.

La modalidad elegida para iniciar el contacto, es a través de entrevistas personales, donde los oferentes nacionales se vinculan con representantes de empresas internacionales, éstos últimos seleccionados en función de su interés por adquirir alguno o algunos de los productos alimenticios que ofrecen nuestros empresarios.

El rubro sobre el que se organiza la ronda de negocios es el ALIMENTICIO, tradicionalmente enfocado en alimentos para la nutrición humana; pero con el agregado de alimentos de nutrición animal, lo que, a nuestro criterio, amplía la convocatoria y las posibilidades de concretar negocios con empresas extranjeras.

---

It's a reverse business round designed in order that Argentinean businessmen can establish export business with international corporations and operators from Latin America, Europe, Asia, Middle East, and Africa.

The modality chosen to initiate contact is through personal interviews, by which national offerers connect with representatives of international companies, who have been selected by their interest in acquiring some of the food products offered by our businessmen.

The branch upon which the business round is organized is the FOOD branch, traditionally focused on food for human nutrition; but introducing food for animal nutrition which, in our opinion, extends the invitation to and the possibility of doing business with foreign companies.

## Lácteos y derivados

- Cremas (sachet 500gr.) / NCM: 0401.40.2
- Queso Azurro / NCM: 0406.40.00
